**Sat. 10/31**

# Newfields Halloween 2020

*Common sense recommendations to promote the public health & safety of our community.*

| | |
|---|---|
| **Face Coverings** | Costume masks are not substitutes for CDC-recommended cloth face-coverings. Everyone should wear appropriate face coverings, especially when social distancing cannot be maintained. |
| **Voluntary** | CDC considers traditional door-to-door trick-or-treating as a "high risk" activity. If you or your family do not feel comfortable participating in Halloween trick-or-treating activities this year, please stay home, dim your porch light or leave a kind note on your door. |
| **Distancing** | Trick-or-treaters should use social distancing and wait patiently for their turn before approaching a house. Avoid congregating. Maintain at least 6 feet between small groups of trick-or-treaters (ideally family) and those handing out treats. |
| **Hygiene** | Those participating in trick-or-treating should routinely sanitize hands to prevent spread of germs. |
| **Questions?** | Visit the links below. If you have any questions or concerns, please contact Bobby Kelly, MD, MPH at newfieldshealthofficer@gmail.com |
