Thank you for supporting this and Kisha will inform them of the approval. Again, for future reference sake, we avoid doing business in this manner except in very very limited circumstances as it often conflicts with the requirements under state law. I appreciate your consideration and we will include this email chain in the minutes for the meeting on March 29th for the public record.

Sincerely,
Michael Sununu

All:

Under normal circumstances this would be addressed in public meeting, but given the short time frame and our next meeting is scheduled for March 29th (and this event is planned for March 24) I will request that we address this matter out of meeting, but will provide this email chain as part of the minutes for the upcoming meeting.

Please let me know if there are any objections to this Town Hall Rental request by close of business today. If not, I will sign on behalf of the Board tomorrow morning.

Thank you for your consideration.

Hello all!

I have an application for town hall rental on 24th ...since meeting is not until the 29th, is it possible to do an email approval? He has signed the form.

This is for one of our officers.

Let me know thanks!
